**DEADLINE** for newsletter posts is the 20th of each month or near the date of the monthly board meeting. Please send in as finished and detailed a form as you can. Include all contact information and any links you may have. Images are welcome; ideal size is 100KB or 600 pixels wide. Provide photo credits if desired.

**We are changing the way we communicate:**

We will be relying almost wholly on electronic communication from now on: *email* and *our website*: [hawaiicraftsmen.org](http://hawaiicraftsmen.org)

Please make sure we have your current email. If a member or interested party you know doesn't have access to a computer, please have him/her contact HC at 521-3282 to let us know the preferred mode of communication. We don't want to lose the support of a valuable member.

## Message from the President:

**HAPPY NEW YEAR!**

As we begin 2013, I'd like to thank everyone who's participated in any capacity in Hawaii Craftsmen events during 2012. It's been very gratifying to see the energy at work that has kept HC a viable and effective organization. Only through all your tremendous volunteer efforts have we been able to carry on.

When I began my term as President, HC was in rather dire financial straits and it looked as if we might even have to close down. Your hard working volunteer board didn't let that happen. There is now just enough money in the bank to ensure that we will be able to plan 2013; but the future of HC depends on all members pulling together to support our programs and to raise the necessary funding to continue.

By the end of January, the goal that I've been working toward, i.e., to modernize by creating a digital and web-based structure that can be the operational foundation that supports Hawaii Craftsmen, will be basically achieved. This should mean that even with changeovers in the board, there will be continuity in our office practices and web page so that there won't be so many hiccups in keeping our programs going.

Therefore, I will be stepping down as President in March at our Annual Members' Meeting to let someone else assume the reins of office. It's been a challenging but fun ride and I'll leave confident that systems are in place to make a smooth transition.

I will continue to serve in some capacity on the board but no longer as President. My thanks to all who have given support and committed time to Hawaii Craftsmen.

Aloha, Kay Mura

Maybe you're the oldest bossy child in a large family and are used to organizing and like telling/asking people what to do. Your skill sets might make you a good President or Vice-President. We need someone who likes money and fundraising.

Interested? Curious? You can email anyone on the board (see side bar) with questions. WE NEED YOUR INPUT and ENTHUSIASM. It's also fun working with a bunch of other people dedicated to the crafts. You can nominate someone else or yourself.

### ***Revised Newsletter Policy***

At its November meeting, the board of directors decided that the broader distribution of the Hawaii Craftsmen monthly newsletters beyond only the members would serve the community better. From now on, anyone who wants the newsletter need only go on line to our website to send in their request to be on the mailing list.

### ***Members' Web Page Policy Change***

HC is no longer able to afford to create web pages for free for its members. HC must pay the webmaster to create a member web page and that costs almost as much as the dues so it doesn't make economic sense. *Beginning now* the basic cost of a web page for members will be \$25 (still an incredibly good deal!). For more info, click [HERE](#).

***NOTICE:*** We will be checking the web pages against the membership list. *If your membership is not current, we will be removing your page.* We'll be sending out notices before we delete, but it's easier if you make sure you're paid up. Please email [info@hawaiicraftsmen.org](mailto:info@hawaiicraftsmen.org) if you don't know when your membership expires.

Just a reminder: This newsletter is made up of whatever the Board, and we stumble across or get sent. If you have some news or images that might interest your fellow members, please send it to [info@hawaiicraftsmen.org](mailto:info@hawaiicraftsmen.org) before the 20th of the month -- **it's your newsletter too and we can use the help!**

Thank you, Ted, for taking this over. Thank you to everyone who's ever contributed pictures, articles, opinions, information or any kind of feedback to this newsletter. I've enjoyed the excuse to ask questions and be nosy, especially about media and methods other than my own. I've had to learn new things and get off my butt and attend functions and talk to people which has been good for me.

Craftsmen is its history, its current volunteers, teeny tiny staff and any friends or boosters. Please continue to pitch in and show your support. It's nice to know that someone, anyone is actually reading this thing. So yeah, it's your newsletter and your organization. Help make it go.

## MEMBER SPOTLIGHT

**Esther Shimazu**, our faithful and persistent news hound is turning over the job of Newsletter Editor to **Edward (Ted) Clark** as of February. Thanks to Esther, the newsletter has helped us feel more connected to the greater community of craftsmen. After a year+ of chasing stories and chapped elbows (from rubbing elbows with all those famous crafts folks!), she wants to return to get chapped hands from handling clay in her studio. Can not wait to see what she makes with all the extra time on her hands!

**Ted** is a glass artist on Oahu, who owns and operates Taonga Glass, a community based glass studio and gallery by Kapaa Quarry in Kailua.

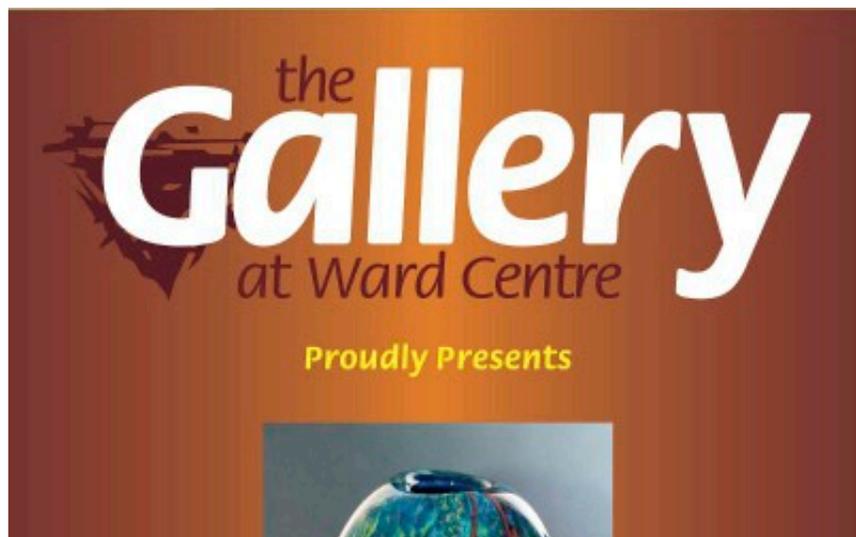

Taonga Glass has classes, studio rentals, and is used by many artists in Hawaii and visiting the islands to make glass. Ted's glass work is sold around the world, and he shows in galleries nationwide. In 2012 Ted had glass work published in *Best of American Glass III*, *Best of Worldwide Glass II* books, wrote an article for the *Glass Art Society Journal* based on a GAS demonstration the year before, *Niche Magazine* wrote an Artist profile on his work, *Honolulu Weekly* wrote an article on classes at Taonga Glass, and he won several awards for his glass including local best in show 3D in Honolulu for Windward Artist Guild Juried show.

Ted is passionate about glass making, teaching, and will be just as passionate for our newsletter.

**Ted Clark (center) Teaching glass blowing during a Date Night Class at Taonga Glass.**

Please remember, this is YOUR newsletter. Send articles and take advantage of this space to let us know what you're up to and use to express yourselves. Help Ted do a great job, too!

## Hawaii Glass Artist 10th Annual Show at Marks Garage

Several members of the HGA are also Hawaii Craftsmen Members. The conclusion of the 10th Annual Show "Liquid Love" is just around the corner. During this month long exhibit glass artists from the islands of Hawaii showed their technical skill through a gallery show at Marks Garage. During the Opening glass demonstrations were done with a portable crystal furnace as well as lamp worked glass. Amazingly, during the exhibit, the piece shown to the right made by Vice President Maggie McCain was stolen. A few weeks later the piece mysteriously returned to the gallery. Some of us think that maybe the wheeled object just took a walk about, but it was so loved by many that it came back into existence after an

island wide search. I think she might need to put brakes on those wheels, or find it a new home. For those of you who love glass the exhibit was extended a few days till January 12, 2013 so get down as soon as possible before it disappears.

## ARTIST OPPORTUNITIES

The **Window at Mark's Garage** is a wonderful mini-exhibition space available to all HC members for month-long displays. Most of 2013 is open. Take advantage! Contact **Barbara Guidage** for more info.

*Ceramics by Barbara Guidage*

### **Window Artist Procedure:**

Hawaii Craftsmen has some small boxes available to display your pieces if you do not have your own. They may not be exactly what you need. They may have to be cleaned or painted prior to your using them.

You can bring your own display boxes, fabric, etc, to set up your display. Some other items other artists have suggested are - scissors, tape, double-stick tape, fishing line to hang any items.

The window area is approximately 4'H X 6'W X 2'D. There are 3 - 4 hooks attached to the roof of the window for you to hang lightweight items.

The back wall is a sliding glass door so you cannot attach anything to the back wall. Items must stand alone. Think about elevating your art off the floor so that it can be above the bottom of the window ledge. You don't want to cut off the bottom of your pieces. You must label and price your pieces. We will need a copy for the HC Windows sales book. You will also need to make your own signage for the window.

If you are planning a reception it must be coordinated with The Arts at Marks Garage and Hawaii Craftsmen. It would be a good idea to check on the dates available, when you are setting up your display, so that you can schedule your reception as soon as possible.
