JUROR'S STATEMENT

It's been a special treat for me to have this very rare opportunity of jurying outstanding art in the Hawaiian Islands.

This being a first visit for me, I have been thrilled with the scenery and terrain but also thrilled at the high standard and quality of the artists' work that I had the occasion to see.

For those who were not included in the exhibit, don't fret; this is only one person's judgment which was based on how far an artist extended his feelings and ideas.

I hope that you too will think that the works selected present a cross-section of the art being done here, and display the diversification of the islands and the artists who live and work here.

Aloha and Mahalo
